IMPORTANT INFORMATION
Updated Testing Requirement for Travelers Entering the U.S.

Dear Valued Guests and Travel Partners:

On behalf of Norwegian Cruise Line (NCL), we thank you for your loyalty and for making us your vacation of choice. We have important information regarding updated U.S. travel requirements for guests entering the country. Travel partners should share the below information with guests who may be affected.

Beginning June 12, 2022, travelers entering the U.S. will no longer be required to provide proof of a negative COVID-19 test. This latest update demonstrates a positive direction in the evolution of the public health environment, and the opportunity for more of our guests to start exploring and connecting with the people and places they've missed most over the last couple of years.
